SUNBURY

WELCOME TO CLUB SUNBURY

Long gone are all whites, high pants and skirts measured to the ankle! Bowls, once known as the 'slow, old, boring' game has transformed into fun for all ages. *All we did was take off our shoes!*

Join us on any one of our three world class greens, perfect for special events, family occasions or a casual catch-up with mates! Even better your next team building event for work.

\$10 for adults & \$5 for kids, our trained instructors will run you through how to deliver the bowl and play the game to ensure you get the greatest enjoyment out of your two-hour session!

We are not looking for world champions like our own Carla Krizanic but we do guarantee a good time and if you're having fun, we're happy!

Speak with our Functions team today and we can put together the perfect bowls event for you that your guests won't forget!

CLUB
SUNBURY

The image is an aerial photograph of the Club Sunbury building. The building has a large, light-colored, curved roof and a long, low-profile facade with a series of windows. It is surrounded by a parking lot filled with cars and a well-maintained lawn. In the background, there is a road with some traffic, a soccer field with a green grass pitch, and a residential area with numerous houses and trees. The overall scene is a mix of urban and suburban elements.
